JUDGE GREENE PRESIDES IN COURT

Ira Himes leaves this morning for a First Session Held Here on Friday-Large Attendance of Lawyers and Jurymen-Cases Disposed of and As-

On Friday morning at the short calendar session of the superior court here Judge Gardiner Greene, who has changed assignments with Judge Williams, who presided in Waterbury, was on the bench and directed the doings of the day. There were nine matters on the motion list and all but one were taken up and disposed of, including one divorce case. In the private room of Judge Greene was a handsome bouquet of flowers, the gift of Attorney Charles I. Sfewart, who is in Judge Greene's office.

There were no unusual proceedings attending Judge Greene's assumption of the duties of his new office, but he received many congratulations from lawyers and laymen on his appointment to the office. There was an unusually large number of lawyers and many laymen in attendance at the session.

The following short calendar matters were acted on:

For Norwich and the northern part of the county Daniel Sellick has been named.

Because of getting no subsistence while at New London and because of the commission informing him he was to cover the county Mr. Guy refused There was some discussion regarding the assignment of cases as to whether there would be court on Washington's birthday. Upon motion of Attorney Geary, court will not hold that day.

The following cases were assigned: Feb. 15-Robert A. Lowe vs. Philip E. Hendrick, Jeremiah J. Desmond, trustee, vs. Mary G. Otis and others, Freelove A. Miller vs. Everett O, Miller.

and the same action was taken in the case of Wilhelmina Crandall vs. A. B. Calkins, exr.

A motion to separate was argued in the case of Hormiedas Conture vs. Louis St. Onge, a suit over a mechanic's lien of \$1,100, which was denied.

The non-suit was set aside and leave to plead in two weeks was given in the case of Emma L. Roscoe vs. Mills F. Roscoe.

Firing will begin at 600 yards and the targets will be run up and continue in sight for 30 seconds, during which two sight for 30 seconds, during which two shots are fired, the competitor firing at will. The targets will then be with drawn and the competitors advanced to the 500 yard line and two more shots will be fired, the targets appearing and disappearing as before. Three shots will be fired at the 400 yard and 350 yard firing point, and at the 300 and 200 yard points five shots are to be fired. At all ranges except 600 yards the buttlesights will be used.

As this will be the first time that disappearing targets have been used in the national matches, the innovation will attract widespread attention in in the national matches, the innovation will attract widespread attention in this and other countries, as it will furnish an unusually severe test of marksmanship. The match will be the more interesting from the standpoint of the spectators because of the changes.

The use of permanently affixed micrometers, orthoptic eyepieces, telescopic sights, spirit levels, temporary shades or other devices is forbidden, but competitors may use field glasses but competitors may use field glasses or small telescopes such as might reasonably be carried as a part of a soldier's equipment. They may also use a micrometer and individual score book. The use of such inbricants as are not injurious to the rifte will be permitted.

An important change of a technical character has been made by the naonal board in substituting the wor "revolver" for the word "pistol," wherever found in the rules. This marks
the passing of the "pistol" from military shooting. The ammunition for the
national revolver match will be seected on the same lines as that for the

rific matches.

The classification in the national team match will be the same as last year, but based on the results of 1909. No change was made in the prize list, but the provision requiring the team making fifth place to drop two men and the sixth team to drop one man was stricken out.
